Letter of Endorsement

To Whomsoever It May Concern

It gives me great pleasure to write this endorsement for Krishiv Bhatia, a Grade 12 student of the International Baccalaureate Diploma Program (IBDP) at Dhirubhai Ambani International School, Mumbai, who undertook an observership at our company.

The Supreme Industries Limited, India's leading plastics manufacturer, operates around 30 state-of-the-art manufacturing plants across the country, serving a wide spectrum of sectors through innovative polymer-based products. While the company exports globally, all its manufacturing facilities are located in India. As part of his observership, Krishiv visited our plant and fabrication unit at Urse, Maharashtra, where he was guided around the two units by our plant heads, Mr. Prabhat and Mr. Ashish Amar, who personally explained the operations.

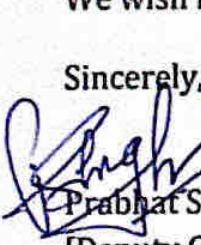

During his time at Urse, Krishiv displayed keen curiosity and a mature approach to learning. He carefully studied the working of our extruder lines and gained an understanding of how process parameters impact product quality. He also observed how different grades of cross-linked and non-cross-linked polymer materials are employed to fabricate end products tailored to customer requirements. His engagement with material science was evident in the insightful questions he posed about product durability, efficiency, and application suitability.

Krishiv also recognized the critical importance of recycling waste material in plastics manufacturing. He understood and appreciated why the balance between technology, efficacy, and environmental responsibility is key to Supreme Industries.

This observership offered him valuable exposure to industrial-scale operations and the application of scientific principles in real-world settings. I am confident that the analytical mindset, curiosity, and diligence he demonstrated here will serve him well in his academic and professional pursuits.

We wish him every success in the years ahead.

Sincerely,

Prabhat Singh
[Deputy General Manager]
Supreme Industries Limited
